PRESIDENT'S MESSAGE

As I write this March is well more than halfway over which I find difficult to believe. Several of you have reported nice outings with your cars and posted pictures on face book. Nice to see the cars out in public and on face book. We have been fortunate to have car use weather. I have had the T bird and Plymouth out for little exercise. We have several opportunities in the coming months to get out and use/display our cars. As always the Historic Fredericksburg Region AACA, HFRAACA page on face book is an excellent source of information about members and upcoming events. A big Thank You to Wally for hosting this page. I have e mailed information from Mayo on the upcoming Mid-Century Event hosted by HFFI (of which we are a member) scheduled for Saturday May 25th. 1 pm to 5pm. There is a rain date for Monday 27th. This is an event showcasing homes built in the 50's, specifically Normandy Village which is off of the By-Pass – US RT 1 bypass. They really would like vehicles of the 50's. Other events include Charlotte NC in a couple of weeks, early car parts swap meet at Luray VA, Spring Carlisle, etc.

ODMA is in Roanoke Va May 17 & 18. This is always a great statewide event. Let's see how close they come to matching our ODMA show at the ball park.

Speaking of the Ball Park. Remember to mark your calendars for May 21 and August 13. Doug has signed us up and we will be back on our 3rd base line porch. This is a family and friends event to introduce others to our great group and just have a nice evening out.

On a personal note, I was pleased to have AACA National send the 50 year pin to Lish and me. Hard to believe we have been members for over 50 years and have lots of trips to Hershey under our belt. My poor wife has been willing to slosh through the mud at Hershey back in the day. It's a bit more civilized today. When I joined AACA prospective members had to have a member in good standing sign for them prior to being accepted. Mr Richard Hudson, (sevice manager at Young Motors) was kind enough to sign my application. Really nice gentleman. Great people in the car hobby. I am blessed to have each of you as friends.

We have several interesting programs coming up but there are at least 5 more months in the year looking for program ideas.

See you all Tuesday evening, 26th, 7:00 PM. VFW.

MAGNETO. It is a great way to reach Fredericksburg's most active antique automobile enthusiasts. Yearly advertising rates are \$2.00 per square inch: a typical business card is \$16.00; \$40.00 for a quarter page; \$80.00 for a half page; and a full page is \$100.00 per year. National Meeting, feedback

Wally attended a talk about membership and how to increase. Region participation is critical: cruise nights, car shows, charity, tours, etc. Members should be actively participating. Yearly improvement goals for members to work on. Think outside the box for events and recruiting opportunities. Set up membership tables at events. Terry and Wally have been working on the membership drives, but the bottom line is that it is everyone's responsibility. Wally has business cards to handout.

HFRAACA Show

Wally has Save the Date cards with information on the back. A large number were picked up at the National Meet. Wally also has business cards for members to hand out to invite people to the show.

Plaques are ready. J's car is on the plaque.

The registration form is out for QA. A copy will be on the Facebook page and website. The form is a fillable PDF, to be filled, printed and returned.

The show committee is looking for corporate partners. \$250. They are also looking for marketing partners. This will include a 12X12 space for \$50 at the show.

AACA News

John mentioned that the National Website has a lot of good information about policy and procedures, forums, and registration for National events online.

The Lynchburg Region is coming back. They have about 50 members now. They will be at the ODMA meet in May. There is no one currently signed up to host the next 3 years for the ODMA meets.

Local Region Activity Planning

David Armstrong suggested that as the weather is getting better, maybe we can do a local tour with the club. David has offered to come up with a date and location.

Ball Park – Doug Makin has arranged for the club to attend ball games on May 21st and August 13th in the 3rd base skyporch. Gates open an hour before 1st pitch. \$43 per person for meal and game. We need 40 people for each game. Give checks to Doug for the May 21st game.

Memorial Bricks - John is working on the memorial bricks at the museum. The bricks have been created, but not yet laid. He may need to go to the museum.

Policy and Procedure Manual, March 2017 is available for updates. Make suggestions to John. We do need to stay in line with the National Policy and Procedures.

Fredericksburg City - J got a call from City Parks and Rec. He called to ask about our car show. J and John indicated that we have moved to the fairgrounds. They put it on the city website.

Then, they indicated to John that they want to have a car show downtown at some point. The city is willing to do all the organizing; we would only have to bring cars. John put it to the club to see if there is any interest in doing something downtown. They used to do a 4th of July display. Bill Kramer and Wally reminded the club that the city representative should come and pitch his idea to the club. Steve Blancard noted that it would be good to reestablish rapport with the city.

Upcoming Presentation - In March- a state police trooper will be here – he is in charge of inspection stations. Mark I. has indicated that we are interested in Antique tags, restrictions, trailering, etc. If you email your questions ahead of time, we can give him a list to prepare. We will let him present prior to the business meeting.

Presentation – Doug Makin

Doug received a picture of a dirty license plate and a toll from Rt 66 Express. The bill for \$25 says that Doug was driving on the I-66 HOT lanes in his antique truck. He called the company and they agreed that he was OK; it was not his car. Following that, he still received a final notice with threats. It turned out that the optical recognition of the toll lanes sometimes mix up the plates and pair with the incorrect vehicles. The photo “matched” Doug’s old license plate on his truck.

It does turn out that this has happened to many other club members, including bills for different state plates.

John mentioned that Lowe's Central Park has license plate readers tied in to the police, looking for shoplifters and stolen cars. Mark mentioned that LPRs are actually at many events, public locations, and repo-businesses.

Possible Event - Mark mentioned that he has been with VDOT to visit IHHS in Ruckersville (north of Charlottesville) on Rt. 29). They do tours and crash vehicles on Tuesdays and Thursdays. They do not do tours on weekends. IHHS is privately owned and funded by insurance companies. He was asking for interest and may try to organize a club visit.

Ben closed the meeting with a prayer.

Meeting adjourned at 8:13 PM.
