THE F.A.A.C. LAST MONTHS MEETING

Even with the snow and slush on the ground, we had a very good turnout came to the Community Center.

New members names were called (4) and now makes our active membership up to 20 which seems to

be growing all the time.

A bulletin from Richmond Club presented by Earl Broyles was read and new cards for meeting notices was approved.

New business included a parade here in Fredericksburg on Saturday, George Washington's Birthday, in which 5 cars participated.

The Activities Committee decided to get the Washington and Richmond Club schedule together, and meet March 10th, to make up a tentative schedule for our own Club this year. This schedule will be voted on at the next meeting and put in to print on the next bulletin.

We adjourned for refreshments and jokes.

Later in the evening we all took turns and explained where we had received our own Antiques, when and how. How long to restore and what shape.

The best one of the whole evening was Calvin Scott explaining just how he restored his. Well lets see. Here's how he explained:

I purchased a 24T Truck, 1 ton for \$5.00. I was short one door, so I had to buy another truck for \$25.00 to get one door.

The rest includes the following:

- 41 Dodge motor and transmission
- 38 Plymouth front end
- 41 Chrysler rear end
- 37 Ford Clutch and brake pedal
- 50 GMC master cylinder
- 55 Chevrolet steering wheel, signal light switch.
- 37 Ford steering Gear
- 49 Plymouth front wheels tires 760/15
- 49 Chrysler rear wheels 820/15 WW
- Plus about 50 pounds of LEAD

Man that's a real Antique  
Heutz 57 (ask Dick to pronounce)

Penny has some Bows to sell.

\*\*\*\*\*

" LOOKING FOR SH - SH

Whitfield Williams ask- Where can he find hard rubber tires for a high wheeler.

\*\*\*\*\*

NOTE: Next public bulletin out we will list just where you can obtain information on all these books that are brought to our meetings.

\*\*\*\*\*

For the Benefit of all our Ford T owners, here's a couple of Antique Bone Ticklers:

#### FILLING-STATION DIALOGUES

A Cadillac pulls up, and the driver say, "How far is it from here to Kansas City?"  
"One hundred and forty miles," replies the man at the pump.  
"Gimme twenty gallons of gas and a gallon of oil, " says the driver.  
... And he drives on.  
A Buick draws up, and the driver says, "How far is it from here to Kansas City?"  
"A hundred and forty miles," replies the man at the pump.  
"Gimme ten gallons of gas and a half-gallon of oil," says the driver.  
... And he drives on.  
Along comes a flivver. It rattles up, the driver unwinds himself, gets out and stretches, and asks, "How far is it from here to Kansas City?"

"Oh, about a hundred and forty miles."  
 "Is that all? Gimme two quarts of water and a bottle of 3 in 1, and hold this son-of-a-gun until I get in."

ROLL OF ALL ACTIVE MEMBERS

Why the Sister got happy

In one of the small churches in a country town the pastor took for the subject of his sermon, "Better Church Attendance."

The parson held forth on the theme that the automobile has taken more people away from church than any other thing. He concluded with the exclamation:

"The Ford car has taken more people to hell than any other thing I can mention."

Where upon an old lady in the congregation began to clap her hands and moan:

"Glory to God! Praise the Lord!"

"Whats the matter, sister?" asked the parson.

"A Ford never went any place that it couldn't come back from, so I reckon all them folks in hell will be comin' bach some day. So praise the Lord! "
